**Catalog /** AKR003

**Release Date /** June 10, 2014

### DESCRIPTION /

Originally released in 2001 before *Michigan* and *Illinois*, Sufjan Stevens' *Enjoy Your Rabbit* foretells his 2010 electronic *Age of Adz*. Though overlooked by many, there are fans who regard *Enjoy Your Rabbit* as Sufjan's greatest work.

Departing from the singer-songwriter format of his debut Asthmatic Kitty Records album, *A Sun Came*, *Rabbit* is a collection of fourteen colorful instrumental compositions combining Sufjan's noted gift for melody with electronic sounds to create an unusually playful and human- not to mention humane- electronic experience. Great for dancing, driving, writing, cooking, painting, running, walking, and of course, eating Chinese food, *Rabbit* features nearly eighty minutes of music that will truly soothe the savage breast, whatever that means.

### QUOTES /

"This may just be Sufjan Stevens' Magnus Opus. Forget *Michigan*, *Seven Swans*, *Illinois* . . . *Enjoy Your Rabbit* is a masterclass in doing everything that logic tells music not to do." – *Sputnik Music*

"Sufjan Stevens proves himself adept of both long and short forms; downtempo and high BPM; glitches, scratches and ambient drones; blips, bleeps and bloopers." – *Pitchfork*

"The underlying guiding principle is wide-eyed exploration that fills nearly every track with a sense of playfulness." – *All Music*
