The Gripsweats

Gripsweats Theme

ABOUT THE 45

The nastiest, sweatiest instrumental funk on Colemine is back with a second helping. This time coming through with some fuzzed out funk on the A-side with "Gripsweats Theme" and some mellow library vibes on the B-side. DJs are going to need doubles of this bad boy as this one has the vibe to get the party started right.

FOR FANS OF...

The JB's, The Meters, Vulfpeck
