- CD Version housed in a Hardcase Book

Milk 'n' Cookies are the stuff of legends -- or would be legends. Forming in the early 70s in Long Island, New York, this power pop group was originally signed to Island Records and seemed destined for greatness. Yet, through many cases of "wrong place, wrong time," the band never managed to break. The core line-up of the band was made up of Ian North, Justin Strauss, Sal Maida and Mike Ruiz and, in their time, they played classic NYC venues like CBGB's and Max's Kansas City. They shared bills with everyone from Talking Heads to The Ramones and have amassed a cult following, influencing the likes of Thurston Moore (Sonic Youth) and Debbie Harry (Blondie).

After working extensively with the band members, Milk 'n' Cookies is a lavish reissue of the group's entire recorded output. Housed in a deluxe slipcase is the band's original legendary LP, a 2xLP featuring rare and unreleased tracks, as well as a book that chronicles the full history of the band's wild ride through the music biz—as told by the band themselves, through accounts from their many (in)famous admirers and through never-before-seen photographs.

RELEASE DATE: APRIL 15TH, 2016
 GENRE: POWER POP / GLAM PUNK

"For die-hard collectors of power pop, this album is a welcome treat to even the most seasoned and jaded of ears. And for those hyped up on the modern-day, cookie-cutter, Johnny-come-lately band of the moment emulating the sound of new wave? This is an absolute textbook essential listening experience." - All Music
