

B BOYS NO WORRY, NO MIND 12" EP/CD EP

- Hometown: Denton, TX / Brooklyn, NY
- Debut EP
- Touring with Parquest Courts in April 2016
- National college and specialty radio campaign via AAM

Three psychos that came to be through fate by way of necessity, B Boys offer up to the world their sonic manifesto, *No Worry No Mind*. A relief from the mania, an expression of duality, an extension of Dada. Abstraction takes a triangular form: effortless guitar melodies, undulating bass lines, deep swirling grooves. Interlocking vocals bob and weave over top, resounding their mantras. You've got something growing out your neck, my friend. Open your self to the frequencies, and let the vibrations illuminate your being.

RELEASE DATE: MARCH 18TH, 2016
GENRE: ALTERNATIVE / INDIE / PUNK

"These guys mine the rich territory of late '70s post-punk acts like Wire and the Buzzcocks mixed with a more modern sound. You may have caught them playing out recently at Silent Barn or one of the final shows at Death By Audio last November [2015]. Their short, to-the-point set will no doubt leave you wanting more, but only after you've had the poppy 'I Don't Mind' and the aggro 'Psycho' on repeat for a while, not to mention the weird, bendy 'Other Head.'"
