### RELEASE BIO

*Awake* represented a high-water mark for Scott Hansen, the San Francisco musician better known as Tycho. Described by Hansen as, “in many ways, the first True Tycho record,” *Awake* announced the arrival of Tycho as a full band, and it found Hansen streamlining the group’s sound, focusing on the drums and aiming to capture the energy and power of the group’s live set. The story of *Awake* arrives at its natural conclusion with this 12” of remixes, on which Hansen’s songs are re-interpreted by producers who make the songs their own while retaining all of their core elements.

Baio, who splits his time between solo work and his role as bassist in Vampire Weekend, gives “Plains” a kind of soulfulness, adding a driving rhythm to the original’s beatless ambience and dropping in snatches of vocal for texture and warmth. RJD2 takes the swift-kicking “Apogee” and transforms it into tranquil instrumental funk; In the hands of Few Nolder, “Montana” becomes tense and driving, four-on-the-floor beat undergirding bright, rippling synths.

Additional remixes from Com Truise, Christopher Willits, Bibio and Beacon, which had been previously released, have been added to this package. Taken together, the *Awake Remixes* offer a parallel narrative for Tycho’s artistic breakthrough.
