OVERVIEW :

"Cause & Effect" is the first annual release of Joyful Noise's new split 7" series. Sold as a solitary 3x7" release, each of the three 7" records adheres to the same concept: an influential, historically-significant solo musician on Side A, and the modern result of that musical influence on Side B. "Cause & Effect" features new unreleased recordings from Lou Barlow, Thurston Moore, and David Yow, coupled with current, fully-formed musical projects which follow in that musical trajectory set in motion by the former (Dumb Numbers, Talk Normal, and Child Bite, respectively). Cause and Effect.

Thurston Moore b/w Talk Normal

David Yow b/w Child Bite

Lou Barlow b/w Dumb Numbers

All three 7"s are sold together in one super elaborate package, pressed on deluxe multi-colored vinyl, and limited to a one-time pressing of 2000 hand-numbered copies.
