OVERVIEW :

Announcing... "Golden Tickets" - the latest EP from WHY? The Wolf brothers' pop-inflected psychedelic folk-hop was nominally referred to as hip-hop at the beginning of their career. At this point— certainly on Golden Tickets— the project has outgrown any easy genre-categorization. With the musical eclecticism, pop-twist, and experimental bend of artists like the Flaming Lips or Beck. WHY? shimmers on this album in vibraphone stippled, sweetly riffed songs with characteristically gut-wrenching subtext.
