## OVERVIEW :

Sisyphus is the new name for the collaboration between Serengeti, Son Lux, and Sufjan Stevens (formally s/s/s), whose new project under this moniker is a self-titled album partly inspired by the art of Jim Hodges, and commissioned by the Walker Art Center and The Saint Paul Chamber Orchestra's Liquid Music series in Minneapolis/Saint Paul.

Liquid Music and the Walker Art Center will present a retrospective of Jim Hodge's work alongside a listening party of the new album in February, where fifty limited edition copies of the vinyl will be available for purchase.

Asthmatic Kitty Records and Joyful Noise Recordings will release the record widely on March 18th, 2014.

## SERENGETI / SON LUX / SUFJAN STEVENS

"Take the romantic stings and catchy choruses from the Illinois era, throw in some crazed electronic percussion, melted synths, rapped verses, and autotuned vocals, and stir." - Beats Per Minute
