Ghost Funk Orchestra

Walk Like A Motherfucker

GHOST FUNK ORCHESTRA

ABOUT THE 45

Ghost Funk Orchestra are a mystery. Plain and simple. Dirty, soulful production, verbed and fuzzed out guitars, mysterious vocals that feel like a lost score to a Quentin Tarantino film. The brainchild of one-man producer/musician/arranger Seth Applebaum, GFO is forging new territory and blurring the line between soul and psychedelic.

FOR FANS OF...

Temples, Allah-Las, Unknown Mortal Orchestra, Khruangbin
