

# JEREMY JAY

## ABANDONED APARTMENTS

Jeremy Jay's latest, *Abandoned Apartments*, feels lived in, familiar, but filled with creaking shadows that go deep into the unknown. A product of several years spent in self-inflicted isolation and at various self-produced recording sessions, it is studied and wiser, culling its synthesizer tones from late-80s goth pop and touching on something darker than anything else **Jay's** ever made.

**Jay's** characters are full of longing, romance, and regrets, living their lives in bustling late night metro stations. They are vivid and moving. *Abandoned Apartments* is melodramatic in its emotions, exacting in its details; **Jay** has taken his time making exactly what he intended, and it buzzes iridescently, full of electricity, somewhere in the darkened distance.

### TRACKLIST
