

THE HIVE DWELLERS

MOANIN'

On their second album, **The Hive Dwellers** make with a low, wailing expression of sorrow (or suffering). *Moanin'* [KLP249] is a collection of field recordings made at **Dub Narcotic Studio** in **Olympia, Washington**. It's a noisy pop runaway freight train that stirs the blues soul rockin' of their debut album *Hewn from the Wilderness* [KLP241] to a new beat music recipe.

The Hive Dwellers' **Calvin, Gabriel** and **Evan** have toured across the United States and left a wake of frug and shimmy shines that won't be forgotten any time soon. You beat the tambourine to "**Streets of Olympia Town**" in Knoxville; stomped the floorboards to "**Montgomery Hammer**" in Buffalo; knocked a heady bongo to "**Baby Be Mine**" in Oakland.

C'mon, join in *Moanin'* for a while.
