Recorded at **K's own Dub Narcotic Studios**, **The Shivas'** fourth LP will have you on your feet. With all of the fierce energy and body shakin' that **The Shivas** are known for, ***You Know What To Do* (KLP252)** encapsulates that, and much more. Recorded and mixed on tape by **Calvin Johnson**, it is an apt follow-up to ***Whiteout* (KLP242)**, and features the title track of **The Shivas' *"You Make Me Wanna Die" 7" EP (IPU143)*** released last April.

Amongst the 13 tracks of the album, you can glance the many faces of the **The Shivas'** musical style. From the blistering heat of tracks like **"Old Lightning Rod"** to the cool groove of **"Ride On"**, the record also touches down into the slower tempos on tracks such as the deeply psychedelic **"Let It Happen To You"**.

This is **The Shivas** record we have all been waiting for, so don't hesitate, you know what to do.

"Their psychedelic surf-rock blew the audience away" - KEXP

"The Shivas might be Portland's best band. There, I said it" - Ryan J Prado of the Portland Mercury
