

Young Pioneers High Again

Young Pioneers - Dusting off their spurs, poised to release their long awaited debut LP, **High Again** on **K**. Veterans of the NW underground, **Young Pioneers** formed in Olympia's nascent punk scene during the early '80s. They've not lost their gift as masters of the dark art of post-punk pop psychedelia, welding wicked melody into pop hooks. They beat a mean tambourine. Leather jackets and a pompadour; studs and eye make up; **Young Pioneers** have created a massive sound layering the guitar organ drumbeat.

ADDITIONAL INFORMATION

The first video from the album is for the song "**Sick Inside**", featuring **Shannon Perry** of Seattle band **Gazebos**.

High Again was recorded at **Dub Narcotic Studio** by **Calvin Johnson**, who has been a **Young Pioneers** fan since the band first formed.

Young Pioneers were mentors to **Beat Happening**, allowing them to record their first 45rpm (produced by **Greg Sage** of the **Wipers**) in **Young Pioneers'** practice room using their drums and amplifiers.
