Merge Records will reissue *Suburban Light*—the start of the label's five-album, decade-plus relationship with The Clientele—on May 13, 2014. Released as a double-disc and one-LP/one-CD set, this new edition will feature not only the album in its original European tracklisting but also a revelatory set of covers, rehearsals and B-sides that reveal the earliest iterations of The Clientele. And there's the previously unreleased "Sarah's Prelude," too, the lovely, lonely and abandoned opener of an album that stuns, even without the strings.

### TOUR:

- **March 21 -- Strange Geometry era line-up (Alasdair Maclean, Mark Keen and James Hornsey) to play Brooklyn's Bell House for Chickfactor 22: Festival of Pop**
