*Strange Geometry*, originally released in 2005, is the first Clientele album to be recorded in a fully equipped, professional studio with an established engineer/producer. The album features twelve dreamy folk-pop songs with shimmering psych guitars and string arrangements by Louis Phillippe. The *Strange Geometry* vinyl repress includes a full album download, plus a six-track digital-only bonus download of songs previously unreleased.

*"A hauntingly beautiful album with tender, melodic pop arrangements that really make a lasting impression."*

--BILLBOARD

*"This single was an unmitigated flop on U.K. charts upon its release, and it's a shame: pop this effervescent hasn't existed since "Don't Walk Away, Renee" conquered the airwaves. Frontman Alasdair MacLean and his crew clearly absorbed the psychedelia of the '60s and created an atmosphere of melancholy and despair with this underrated masterpiece"*
