Future Bible Heroes are comprised of celebrated songwriter Stephin Merritt (the Magnetic Fields, the 6ths, the Gothic Archies), longtime friend and collaborator Christopher Ewen (Figures on a Beach, the Hidden Variable and a popular Boston-area DJ) and Magnetic Fields pianist-singer-manager Claudia Gonson. The band released two albums, *Memories of Love* (1997) and *Eternal Youth* (2002), and three EPs, all of which they are repackaging as one large collection for simultaneous release via Merge on June 11, 2013, along with their new album, *Partygoing*.
