A little drums... a little atmosphere... and it wails like this!

Hotter than anything printed by a Hearst daily, the 12-song *Versión Especial* of Redd Kross' *Teen Babes from Monsanto*—all art, no filler, direct from the source, pure from the tap—will be reissued by Merge Records on 7 December. Available on CD or engraved on your choice of virgin black vinyl or limited-edition translucent pink Peak Vinyl, the album features specially designed packaging that allows you to choose between two different front covers with just a flip of the wrist! Experience vintage teenaged Redd Kross as presented by *Monsanto*: 100% genuine, chemically inspired brilliance fueled by processed junk food.
