The complete studio recordings of Dallas, Texas, slow-core pioneers. Every cymbal crash, guitar brush, and whisper, across five LPs or four compact discs.

Deluxe box includes WhatFunLifeWas, Beheaded, Transaction De Novo, and an additional disc overflowing with singles, EPs, and outtakes, alongside a perfect bound book dissecting the quintet's nervous slouch through the '90s.

WhatFunLifeWas, Beheaded, and Transaction De Novo to be issued as individual 180-gram LPs.

"I met them in full flower, in the depths of their mania, pursuing contemplative music with the kind of intensity normally found in psychopaths. No detail was too small to sweat, no crack in the veneer not worth gluing and clamping. We built a common language, equal parts philosophy, rock music, and disdain for the dullness around us."—Steve Albini
