

# Föllakzoid feat. J. Spaceman

## *London Sessions*

It should come as no surprise to fans of the Chilean trio **Föllakzoid** that upon meeting the legendary **Jason Pierce** a.k.a. **J. Spaceman** (**Spacemen 3**, **Spiritualized**), they discovered they were kindred spirits. **Föllakzoid** and **Spaceman**'s projects share a restless drive to explore the outer limits of music, as well as an uncanny ability to lock into a groove until it infiltrates the deepest recesses of the listener's psyche. When **Föllakzoid** met **Spaceman** backstage at a **Wooden Shjips** gig at London's Electric Ballroom several years ago, they instantly became friends.

For *London Sessions*, the Chileans and **Spaceman** joined forces for new, live-to-tape renditions of "Electric" and "Earth," two highlights from **Föllakzoid**'s *III*. The recordings were made in a private studio in London while **Föllakzoid** was on tour in Europe in June 2016, and **Spaceman**'s contributions breathe new life into the songs.

"Jason added a very different harmonic atmosphere to the songs," guitarist Domingo Garcia-Huidobro explained. "It somehow rearticulated the space and metric that already existed in a way the band never could."
