

Julee Cruise

The Voice of Love

25 years after its initial release, **Julee Cruise**'s sophomore album *The Voice of Love* will be issued for the first time on vinyl August 17 via Sacred Bones Records, and on CD for the first time since its initial pressing in 1993. It would mark the final full-length collaboration between **Cruise**, **David Lynch**, and **Angelo Badalamenti**.

In 1994, after the release of *Twin Peaks: Fire Walk With Me*, **Lynch**, **Badalamenti**, and **Cruise** returned to the studio with new compositions as well as the intent to craft previously instrumental score-based material from *Fire Walk With Me* and *Wild at Heart* into **Julee Cruise** songs. The result was 1993's final studio album *The Voice of Love*. "In the studio, David would always say '[sing] like an angel, like an angel...'" **Cruise** remembers. In many ways, this quest for "angelic" was the seed that grew an entire genre out of the inability to utilize **This Mortal Coil**'s "Song to the Siren" for *Blue Velvet*. It's eerie to ponder what might not have been had the song actually been within reach for that film. Fitting that all these years later, *Twin Peaks* concluded on a similar question followed by **Cruise**'s performance of "The World Spins": *What happens if Laura Palmer was never murdered?*
