Beautiful Life
Burn

jj n° 4 features two new songs from the Gothenburg duo.

PRAISE FOR jj

Even when smoked out or slowed down, Kills still teems with energy and both Kastlander and Joakim Benon, chameleons that they are, blend into snippets of song just as well as they shift gears between genres. -Pitchfork

[jj] are pushing the boundaries of ambient music with a combo of indie pop, acid house, new age, electro, hip-hop, and Caribbean elements, all paired with singer Elin Kastlander's aching vocals. The result: a euphoric sound as soothing as lying on a private beach in St. Barts. -SPIN
