"Dreams" is a highlight from **Taken By Trees'** *Other Worlds*, an album front-to-back inspired by chanteuse Victoria Bergsman's visit to the Hawaiian Islands. The touches of dub are gently layered with synths and Victoria's voice, floating along with the bass line. The music reflects the natural beauty of the Hawaiian Islands—floating in a perfectly blue pond, a kind breeze coasting off the waves, abundant deep green foliage, sweet slices of pineapple and milky coconut, the delicate pink of a seashell curled like a baby's ear. The *Dreams* 12" features an extended instrumental and dubbed out remix by Henning Furst of The Tough Alliance.

SELLING POINTS
