ABOUT THE ALBUM

Boyish Girl Interrupted is the follow up to Tig Notaro's Grammy nominated second album, *LIVE*. Available through Secretly Canadian, in conjunction with Bentzen Ball Records, the comedy imprint started and curated by Tig.

The HBO special — her first — draws highly on personal experiences, speaking frankly and incisively about her fight with cancer, the death of her mother, while also taking stock of the lighthearted and the silly in her every day life.
