BIO

Multi-instrumentalist and sci-fi prog-rock explorer **A.E. Pattera** returns with his second proper full-length as **Majeure**. Following closely on the heels of his beloved but scarcely limited split album with fellow **Zombi** cohort **Steve Moore**, *Solar Maximum* expands on the cinematic, atmospheric vision alluded by his 2010 debut album, *Timespan*.

Once again composing, performing, and producing the entire album, Pattera broadens the **Majeure** cosmos with an increased focus on moody synths and an almost inhuman level of patience in the payoff. Drawing influence from 70s celestial film scores, ambient krautrock, and dexterous vintage prog-rock, *Solar Maximum* trades in the cosmic disco of *Timespan* for a more spacious and ominous feel that lives up to its ambiguously ambitious title.

“A welcome and exhilarating breath of fresh air.”
– *Pitchfork*

“One of the best things I heard in 2010.”
– *Maelstrom*
