BIO

Since he began moonlighting from his main gig as one-half of sci-fi prog powerhouse **Zombi**, multi-instrumentalist A.E. Paterra has become increasingly renowned as the mastermind behind **Majeure**. Following the assured debut epic, *Timespan*, his second album, *Solar Maximum*, delivered on the promise of a retro-futurist ambient synth-rock masterpiece. *Romance Language* continues this journey with two sprawling, side-long tracks that marry the sci-fi disco of *Timespan* with the celestial Mars-scapes of *Solar Maximum*. It is both a nod to **Majeure's** prior accomplishments, and a peek into his sunspot-bright future – fitting for an artist whose entire career has been devoted to fluidly melding the past and the future to create a transcendent present.

This vinyl-only release is strictly limited to **1,000** copies, and includes a free MP3 download coupon.
