BIO

Marion County 1938 is a chamber suite commissioned from **Rachel Grimes** in 2010 by the Center for Home Movies for the silent film "Our Day" by **Wallace Kelly** of Lebanon, KY. This film and soundtrack was the closing work in the feature length 35 mm film collection by **Dwight Swanson** called "Amateur Night" highlighting amateur short films from American archives, including short home movies by **Richard Nixon** and **Alfred Hitchcock**.

Recorded live in a church sanctuary with oboe, clarinet, strings, harp, and piano, *Marion County 1938* was released as a tour EP in the fall of 2011. The DVD comes with high resolution digital music files, the full film "Our Day", and silent film extras of **Wallace Kelly's** travelogues.
