RELEASE INFO

FRÜHE JAHRE is the **first time reissue** of C-Schulz's early work from late 1980s and early '90s. Schulz's first LP, 10. HOSE HORN, was introduced alongside other debut LPs from **Jim O'Rourke** and Frank Dommert on Dommert's Entenpfuhl label in 1991. Combining the cathartic sounds of **industrial, early techno**, and innovative **pop** with inspiration from **acousmatic, New Music, and Dada**, Schulz's music is a prime example of the Cologne experimental music scene of the time. Rhythmic delights, outlandish juxtapositions and a sustained, unresolved, **aurally-fascinating** tension evoke dramatic, film-like meditations. Also included in the collection are the tracks from 7. PARTY DISCO and various other cassette, 7" singles, and compilations, as well as a previously unreleased digital-only bonus track. Liner notes written by **Marcus Schmickler**, who also co-produced many of the tracks.
