## release bio

On & Off Again is the follow up to Major Murphy's 2015 EP Future Release. The new EP finds lead singer and songwriter, Jacob Bullard, hashing out variations on a familiar theme. The title itself, On & Off Again, implies a repetitive motion, and likewise the EP fixates itself on recycling chord progressions and melodies. The two video singles from the EP, "On & Off" and "Oceans," are both repurposed as instrumental arrangements. The main "On & Off" theme is repeated in "On & Off Again," but this time with a new chilled out tempo & atmosphere. "Oceans" is rehashed as the chaotic & sprawling jam-out "Over Everything."

On & Off Again comes out July 14th via Winspear. Debut full length expected Spring 2018.

### PRESS:

**GoldFlakePaint** // "This new track holds more than enough weight to pass the time with glowing ease, the band's soft lilt holding the kind of precious sway that lifts you out of the monotony of the real world and off to somewhere else entirely."

**Impose : Week In Pop** // "[On & Off] is the smooth and soft album pop gem of near arrangement perfection that you may have waited your entire life to hear."
